

# XBLD

## Referral Program

### **Who We Are**

We're the software team from Rocket Department. We're starting XBLD, a digital agency dedicated to crafting high quality design, websites and web applications. We'll be handling software and design oriented projects while Rocket Department will focus on projects in hardware, prototyping and IoT. Our team consists of Meritt Thomas, Kaleb Clark and Andy Axton.

### **What We do**

We offer a range of digital services including identity design, interface design, websites, Wordpress development and web app development. Our basic service packages are identity design starting at \$2k, landing page starting at \$5k, full site starting at \$10k and web application development starting at \$25k.

### **Referral Rate**

5% of the contract including any additions or change orders to the initial contract.

### **How to Refer a Potential Client**

When you refer a potential client to us, send us an email at [referrals@xbld.io](mailto:referrals@xbld.io) with the potential client CC'd introducing us. We will respond to that email and direct the potential client to our website to fill out our contact form so we know what type of project they would like to develop. From there we will record that you have referred the potential client and will contact you if the relationship develops into a contractual agreement. We will then send you a signed document by us that the referral has been initiated by you.

### **Terms**

A successful referral is any referral from you that results in a completed and paid in full contract between the Client and XBLD.

### **When you Get Paid**

You will be paid at the close of a completed and paid in full contract between the Client and XBLD.
